

The 2022 Golf Season is Here!

Check the website for available Tee Times: <https://www.mtmassivegolf.com>

Junior Golf Program

Junior clinics start June 21st and run for 8 weeks. Beginners at 9 - 10 AM and the advanced class from 10:15 - 11:15 AM. Sign up thru the Lake County Recreation Department. Participants in Junior clinics qualify for a free membership (excludes water fee of \$1 for each nine holes).

Clinics

With support from the Copper Mountain Resort Program, MMGC will continue its free clinics to introduce golf to all interested individuals. Clinics will begin May 26th with the first clinic devoted to golfers who have never had a golf lesson. Clinics for beginners will start at 5:45 PM followed by the advanced clinic at 6:45 PM. A more detailed schedule will be available soon and posted at the clubhouse. Please email Mike at mdoleary@sbcglobal.net with questions.

Transitions and Staffing Changes

The MMGC has been very busy managing personnel changes. As Craig transitions into his retirement from MMGC, he will continue to provide expertise and support. If you see him at the golf course, feel free to express your appreciation to him for his years of contributions. However, he is not charged with providing information as in the past. Please direct questions and comments regarding the course to Katie, who is the Grounds Manager. You will see familiar faces in the clubhouse, i.e., Maggie, Gaetin, and Crislyn, as well as some new ones. We are in the process of hiring a Clubhouse manager. We also have an accountant, Juanita McCoy, Rocky Mountain Bookworks, LLC. With the recent changes, the

Board has stepped in to fill gaps and try to provide a smooth transition. Please contact Board members with suggestions, comments and/or questions.

Clubhouse Improvements

Please check out our new carpet!! A big thank you to Kevin Dycus and Jim McCall for their efforts and labor to get the carpet laid.

Upcoming Events

Father's Day tournament, June 19th; will be 666 format again.

Other events are being planned – stay tuned.

Other Announcements

Water: Water is becoming MMGC's primary concern, and we will be asking for member support as we continue to advocate for our water needs. For example, this year our county water costs tripled while the allotment decreased.

No Smoking Policy: There is no smoking allowed in or around the clubhouse or deck area; smoking is allowed on the course only after moving off #1 tee and before approach #9 green.

Golf Etiquette: Please respect our golf etiquette rules posted below. You will find them posted in the carts as well as at the front desk.

Welcome to America's Highest!

Please help us keep Mt. Massive GC awesome:

- **Keep carts on the fairways and mowed rough** unless otherwise directed. Please follow directional signs.
- **Be careful on the greens** – we work hard to have them in good condition which is a little more challenging at this altitude.
- **Fix your divots** – retrieve and replace sod. Please try not to make a divot on practice swings.
- **Pick up your tees after hitting your drives;** dispose properly.
- **Always repair ball marks** on the green.
- **Watch your pace;** let faster groups play through if you are holding up the speed of play.
- **Be mindful of players in front of you if you think they are reachable.** MMGC is at nearly 10,000 ft where balls travel further.
- **All cart drivers must possess a Driver's License.**
- **Dogs are not allowed** for safety and liability reasons.
- **Be considerate with music,** please keep it low enough so other players are not distracted.
